the LG P2 of the pharmacy. I find the corrective of P2 very good, Song Shadows, because they are well pigmented and like . And, otherwise, I think the shades of Kiko's music are great, only they are a little more expensive and unfortunately not in the pharmacy. I hope I can help you a little good from Rossmann? Hello everyone:-) I have never used correctives because I have no dark circles for mood :-) However, it should also be good for skin inequality, pimples, etc. Since I have no good experiments with powder (I already have a lot), I would like to try a corrective that covers well, does not appear on the skin and may not have any ingredients that are partially for the skin.Tongrã1ã¼ havened nelhefme thcielleivmefre suare rhiclew ,Neroiseretni hcim se Edrã1ã14w hconned ,dnis eiw ,nehehes tsib tsi tsib tsi tsir tsro t t tsir stro.
